		Guided: Branching and Merging in Git																							
		GitHub Fundamentals																							
		1 Skills IQ - Front end																							
		1 Introduction to Skill IQ																							
		1 HTML5 skill assessment																							
		1 CSS skill assessment																							
		1 JavaScript skill assessment																							
		1 React 18 skill assessment																							

How to succeed

- Except for capstone weeks, your day will be comprised of:
 - **AM:** Watching PS Skills content
 - **PM:** Doing exercises and collaborating with team mates
- Build a Culture of Learning!!!
 - Meet your cohort!
 - Spend **intentional** time together each day (Zoom!) talking about the content and labs and your experiences
 - When you are confused/have a question/need help, reach out...
 - to your fellow learners directly or on Slack
 - Use Zoom or Slack to huddle with fellow learners!
 - to your ITC leads via Slack or their office hours
 - If you have spare time, explore the topic, try new things, demo what you have learned/built to fellow learners
 - ***Build a collaborative culture of learning!***

Skills Channel Walkthrough & Onboarding Tasks
